

IOSH Safety for Senior Personnel and Governors in schools

IOSH Accredited

Thursday 12th October 2017 ; 9.30am - 4.30pm

Cost £175. This will include refreshments, lunch and all training materials

This is a course accredited by IOSH (Institute of Occupational Safety and Health)
The training will be delivered by In House Safety who are a wholly owned subsidiary of PHSC plc, here at Caverstede Nursery School (Local Authority nursery school)

This course is suitable for senior personnel with strategic responsibility for determining and implementing effective health & safety management systems within their school. This would also be ideal for members of Senior Leadership Teams in schools and also School Governors.

At the end of the training, delegates will be able to;

- Describe the legal, moral and financial role of senior personnel - including their responsibilities & accountabilities
- Explain the importance of health & safety at top-management level and how integrating those objectives can help to minimise risk, reduce losses and make better use of time & resources
- Be aware of the consequences of failing to manage health and safety
- Understand the principles and methods of a management system, continual improvement and annual reporting
- Understand how health and safety can be integrated into other business objectives
- Understand how use of a validated safety management system can provide added value, particularly during Ofsted inspections, marketing your school or with parents
- Understand key legislation

These are some of the main points that will be covered during the course. There will be other areas that will help you to demonstrate leadership with regard to health & safety.

On completion of the course, you will receive an IOSH certificate - valid for 3 years
