### SEND Information Report 2022 - 2023

Headteacher / Senco: Debbie Hayes      Inclusion Manager: Katherine Pope

Telephone 01733 571742

Caverstede is a Local Authority Maintained Nursery School. We offer both full time and part time places for mainstream children and those with Special Educational Needs /Disabilities (SEND).

#### **What are Special Educational Needs and/or Disabilities?**

Special Educational Needs and Disabilities (SEND) is the name used for children who are having difficulty with accessing or understanding the curriculum, (see the four main categories below). The purpose of identifying these children is to provide support and help for them in school. The school employs an Inclusion Manager and Special Educational Needs Coordinator to help in this work. The children who fall into this group cover a range of ability levels. Some children cope well in the classroom with additional help, while others may require a statutory Educational Health and Care Plan.

Children entering from another setting may already have other professionals involved and SEND information passed on and support will continue. Some children may be placed on our SEND register as they move through the school. We work closely with other professionals who are involved in the process who will pass information to us with parental permission e.g. Portage.
