

Early Years Pupil Premium (EYPP) 2019 – 2020 Action Plan

From April 2015 the Department of Education introduced the Early Years Pupil Premium (EYPP).

The aim of the EYPP is to close the gap between children from disadvantaged backgrounds and their peers by providing funding to early years providers to help them raise the quality of their provision. It will complement the Government-funded early education entitlement by providing nurseries, schools and other providers with up to an additional £302 a year for each eligible child.
