

How to support children with Challenging Behaviour

Do you need to understand why behaviour occurs
and develop techniques to support behaviour
in the pre-school setting?

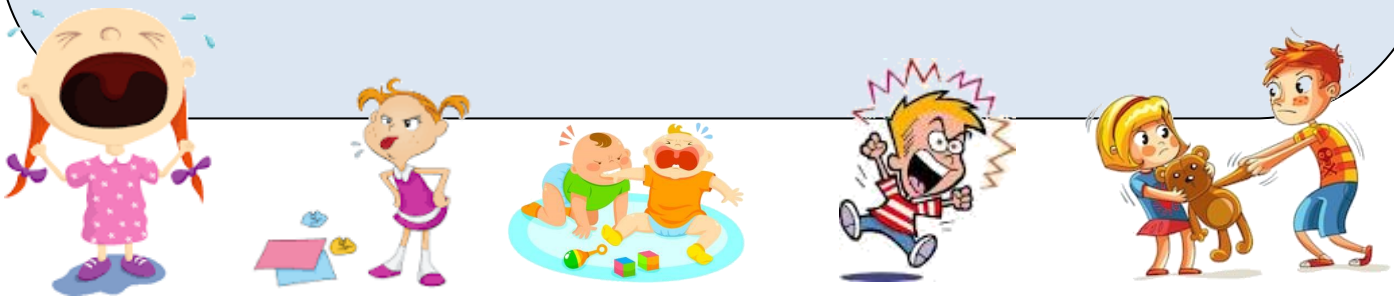

We are running a training session on this subject on:

Thursday 10th January 2019

9.30am - 12.00pm

Limited spaces - **booking essential**

This training will be delivered by a Specialist Practitioner in
Paediatric Psychology and is available for PVI settings.

Please contact Caverstede Nursery School to book onto this free session.

Peterborough Specialist HUBS

To keep improving the expertise available to our children and young people with Special Educational Needs and Disabilities (SEND) in all education settings in the Peterborough area, the Local Authority has established a growing network of specialist hubs.

The purpose of the hubs is to help raise the quality of support for all children with SEND in all schools in the Peterborough area. Each hub is a commissioned service arising from a partnership between the City Council and the host school / academy, with senior staff from each organisation working together.

Each hub has a designated type of SEND specialism. A centre of expertise might support a local school by:

- Offering specialist resources and training;
- Modelling high quality support in mainstream classrooms;
- Providing telephone helpline and/or drop in sessions.
